wave 300 XL

Maytronics – The trusted name for commercial pool cleaners

Powerful Heavy-Duty Performance

Powerful cleaning performance with exceptional reliability. Maytronics commercial robotic pool cleaners promise, and deliver a long-term, cost-effective operation.

Professional Pool Cleaning

Advanced technologies provide comprehensive scanning of the entire pool and highly effective pool brushing and filtering throughout, for clean, safe and pure pool water.

Solution for every public pool

With proven solution for any commercial pool, from small public pools to the largest and professional pools worldwide - Maytronics is the ideal pool cleaner choice.

Service and Support

When you buy a Maytronics pool cleaner, you are also purchasing exceptional customer service and support by Maytronics product experts.

maytronics

wave 300 XL

The trusted name for commercial pool cleaners

Gain top-of-the-line, professional pool cleaning performance that meets the challenging requirements of the biggest and busiest pools. Dolphin WAVE 300 XL, from Maytronics, is the ideal robotic cleaner for large commercial pools and for Olympic centers, water parks and other sites with pools 25-60 m in length.

Designed for long-lasting reliability with daily operation, Dolphin WAVE 300 XL excels at heavy-duty dirt collection and delivers the best end-to-end cleaning performance in its class. It works efficiently and effectively in any large pool, regardless of shape or type, including beach entry pools with sharply sloping floors and pools with islands.
